Ecclesial Calendar & Events application

The key objectives are to:

- Aid in the planning of ecclesial activities,
- Reduce the potential for event clashes,
- Aid in speeding up ecclesial and inter-ecclesial communications,
- Support scheduling / reminders for activities,
- Let ecclesias assign archiving related to past activities,
- Support up to the minute online access to ecclesial activities and events (e.g. for announcement purposes), even on a mobile device.

Each Secretary/Recorder will be able to schedule activities and reminders for their ecclesia and also to directly distribute emails and communications that

are of interest to other ecclesias. Email lists have already been loaded ready for such use (and are centrally maintained and kept up to date).

A public facing view has been built which allows all ecclesial members and anyone else to see general and public activities and events. With this view ecclesial members will also be able to display secured (internal) ecclesial specific activities if members enter a special Access Key. This can also be viewed on a mobile device.

The public facing view is:

https://www.christadelphiansaustralia.org.au/calendar/viewcalendar.php

To sum up, this application allows each ecclesia to:

- Create and schedule their own activities and reminders.
- Notify their own ecclesia of activities and events by email,
- View other ecclesial and combined activities,
- Notify other ecclesias of inter ecclesial activities and events (e.g. Study Weekends, Camps, Funerals, Closures etc).

A <u>short User Guide</u> and <u>a video demonstration of the Calendar system (click on SHOW MORE)</u> are available.

Each ecclesia can use the Ecclesial Forum, Ecclesia Details and Ecclesial Calendar as a simple ecclesial web presence. Alternatively, each ecclesia can use the Ecclesial Forum and Ecclesia Details, linked to their own specific ecclesia, as a URL link on their own ecclesial web sites. This can allow for a quick update of ecclesial information that can be accessed via a link on ecclesial web sites, without the need to update and reload ecclesial web site information (which can generally take longer to do).

If you would like further information on these applications or would like to receive some training via Zoom then please make a request using the <a href="mailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:emailto:email
